

Ellen Angeles

COLORADO STATE SCHOOL BOARD CONGRESSIONAL DISTRICT 3

I am honored to announce my intent to run for the Colorado State School Board representing the third congressional district.

My family is a family of educators. With a father who served as a principal and a mother who dedicated her life to teaching, I was raised with an unwavering appreciation for the transformative power of education. After spending about a decade in the corporate world, I found myself drawn back to the family business of education. Twenty years ago, a summer job at Colorado Mountain College in Leadville ignited a passion for teaching within me.

Witnessing firsthand the benefits of education and the profound impact it has on shaping lifelong learners, I knew that teaching was my true calling.

As a parent myself, I understand the hopes and dreams we all share for our children. We want nothing but the best for their future.

That's why, if elected, I will be a strong advocate for robust education policies, increased funding, and vital resources for our schools. By fostering partnerships with local businesses and actively listening to the concerns of parents and communities, I believe we can bring a balanced perspective to the school board.

Together, we can build a brighter future for our children and our community. I am committed to ensuring that every child has access to a high-quality education, regardless of their background or circumstances.

I humbly ask for your support and your vote. Let's work together to create a stronger, more equitable education system for all.
